

BC200SCV-FRAME

DOLPHIN RECESS KIT FOR BC200SCV-SM

- > Kit to recess the BC200SCV-SM vertical baby changing station into the wall
- > This kit allows the changing table to be completely flush with the wall once it is closed, not taking up unnecessary space and thus allowing the creation of more open spaces free of obstacles
- > Available in satin brushed stainless steel and powder coated black
- > Maximum robustness and vandal-proof design
- > Fixings not supplied - it is suggested to use screws specific to the type of material you are installing into

HEIGHT	1030MM
WIDTH	650MM
